Cap and Trade: A Raw Deal

WASHINGTON, D.C. – Speaking at the Massachusetts Institute of Technology (MIT) last week, President Obama derided “those who will suggest that moving toward clean energy will destroy our economy” and said such “naysayers ... are being marginalized.” Was he referring to members of his own party?

The Alliance for Jobs and Affordable Energy (AJAE) today released a new Web video highlighting Democrats criticizing cap and trade and admitting it will raise taxes. The new video can be accessed [here](#).

The Alliance for Jobs and Affordable Energy (AJAE) is an organization dedicated to educating voters, employers, employees, and the general public about the negative economic impact of Congress's cap-and-trade legislation - also known as the American Clean Energy and Security Act - which is now being considered by the U.S. Senate.
