Obama Rhetoric Versus CBO Specifics

WASHINGTON, D.C. – The Alliance for Jobs and Affordable Energy (AJAE) today released a new web video highlighting testimony by Congressional Budget Office (CBO) Director Douglas Elmendorf and contrasting it with President Barack Obama's pledge to create new jobs that same day.

The new video can be accessed here: <http://www.blip.tv/file/2730103>

"The CBO report is one more piece of evidence that cap and trade legislation will result in higher unemployment," Brian McCormack, executive director of the Alliance for Jobs and Affordable Energy (AJAE). "While the President talks a good game about jobs, his support for cap, trade and tax legislation says much more."

The Alliance for Jobs and Affordable Energy (AJAE) is an organization dedicated to educating voters, employers, employees, and the general public about the negative economic impact of Congress's cap-and-trade legislation - also known as the American Clean Energy and Security Act - which is now being considered by the U.S. Senate.
